Al,

Thank you again for providing the updated map. I checked with our business folks, and they did not have this version either. Please do substitute the updated map for the map attached to the PHA's letter of January 20, 2010.

Linda

Linda,

Thank you for your letter. Although this does not affect the access granted by the Port, I have attached an updated map. This is the map sent to TxDOT for purposes of obtaining access from them and is the one most recently discussed with Harris County. As you will see, the map still shows the fence going into the water to a depth of 2 feet. Can we please substitute this map for the one attached to your January 20, 2010 letter? Please call if you have any questions about this. Al
